Hahnemann's Homeopathy

History

- The founder of homeopathy is Samuel Hahnemann (1755-1843)
- Hahnemann was a widely respected medical doctor
- He left allopathic practice because of disappointment about the poor results of the orthodox treatment
- Before discovering homeopathy Hahnemann occupied himself with public health on several topics:
 - The creation of healthy life circumstances. (architecture)
 - Hygienic measures
 - Prescribing a Healthy diet.

Homeopathy according to Samuel Hahnemann

The basic work on homeopathy is called the Organon

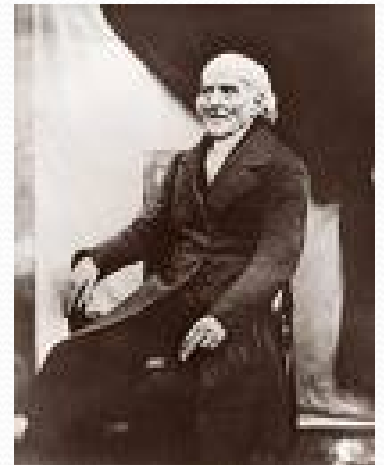

Organon means 'tool'

- 1796 Article in the Hufelands journal about a new system of medicine Hahnemann called homeopathy
- 1810 First publication of the Organon of medicine
- 1842 (20th of November) sixth edition of the Organon

About homeopathy:

‘But in communicating to the world this great discovery, I am sorry that I must doubt whether my contemporaries will comprehend the logical sequence of these teachings of mine’.

Health:

- Human health is based on the sound functioning of the immune system
- Disturbance of the functioning of the immune system expresses itself in symptoms

Homeopathy according to Samuel Hahnemann

Disease:

- Disease is a process starting with the weakening of the immune system eventually with physical pathology as a result
- Physical pathology is therefore the *result* of the disease not the *cause*
- The weakening of the immune system creates as a result changes in the physical body which we call pathology.

Homeopathy according to Samuel Hahnemann

Homeopathy:

-Based on natural law.

*Action equals reaction. (dent-bump)

*Law of similars. (artificial disease-health)

Thus:

*Stimulating a curative *immune response*. (self healing)

*Creating a healthy *immune system*. (disease prevention)

*Stimulating the healthy development of man.

Homeopathy according to Samuel Hahnemann

The reversible disease process:

- The vital energy and the immune system are stimulated and directed towards the *self cure* of the patient.

The irreversible disease process:

- Anywhere down the line the disease process becomes irreversible mostly due to the manifestation of severe physical pathology

Homeopathy according to Samuel Hahnemann

The greatest strength of homeopathy is the prevention of degeneration of the disease process from the earlier reversible state into the later irreversible state.

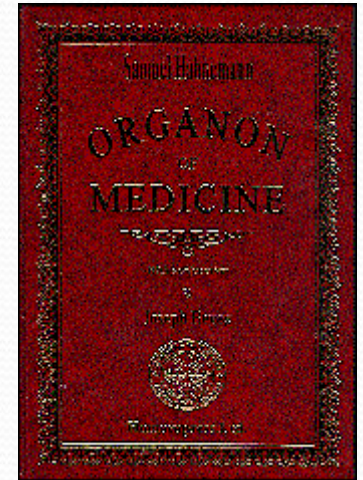

The greatest power of homeopathy lies in the prevention of the development and cure of chronic diseases.
(mental and physical)

Organon § 73:

..'As regards acute diseases, they are either of such a kind as attack human beings individually, the exciting cause being injurious influences to which they were particularly exposed'...

Homeopathy according to Samuel Hahnemann

- Different disease forms are determined by Hahnemann.

1- Acute diseases caused by external influences.
remedies from the *plant* or *animal* kingdom.
(broken bone)

2- Acute epidemic diseases. (external influence)
remedies from the *plant* or *animal* kingdom.

Homeopathy according to Samuel Hahnemann

3- Acute states of chronic diseases. (external and internal) remedies from the *plant* or *animal* kingdom but can only be permanently cured by remedies of the *mineral* kingdom..

4- Venereal diseases. (external and internal) cure by *plant* or *animal* remedies.

After suppression the secondary symptoms must be cured by mineral remedies or eventually nosodes.

Homeopathy according to Samuel Hahnemann

Organon § 78:

..' The true natural chronic diseases are those that arise from a chronic miasm, which when left to themselves, unchecked by the employment of those remedies that are specific for them, always go on increasing and growing worse, notwithstanding the best mental and corporeal regimen, and torment the patient to the end of his life with ever aggravated Sufferings'...

Homeopathy according to Samuel Hahnemann

- 5- Chronic constitutional diseases. (internal)
Arising from the internal constitutional disposition of the patient. Can only be cured by remedies of the *mineral* Kingdom

- 6- Inherited disease tendencies.
Can be cured by the use of *nosodes* e.g. disease products. They cure the inherited disease tendencies

Homeopathy according to Samuel Hahnemann

6- Iatrogenic disease forms.

Can be cured by by the indicated *plant, animal and mineral* remedies

One out of three patients is sick because of allopathic treatment.

-Every *disease form* has its *own special group* of remedies

-A patient can suffer from multiple disease forms and therefore needs remedies of different sources prescribed on the disease forms to be treated

Homeopathy according to Samuel Hahnemann

Organon §4:

...'He is likewise a preserver of health if he knows the things that derange health and cause disease, and how to remove them from persons in health'...

Prevention:

- If treated on the indications for the different disease forms the patient can subsequently be freed from these different diseases and be protected from falling seriously ill.

Homeopathy according to Samuel Hahnemann

Homeopathic remedies:

- are of natural sources (plants, animal, mineral, nosodes)
- are safe (no side effects)
- are stimulating the self healing response of the immune system
- are after being eliminated by the body not polluting the environment. (as synthetic drugs do)

Homeopathy according to Samuel Hahnemann

The early use of homeopathy in the treatment of disease:

- Optimizes the health of the patient
- prevents the development of serious diseases
- promotes the health, well being and happiness of the patient
- As a result reduces the pressure on the medical system
- Is a cheap, effective and healthy methodology for curing man and man kind

Homeopathy, the most rational system of healing.

Homeopathy, the healing system for today and tomorrow.
